Dear Jim Hubbard,

You are so full of S.H.i.T.

I can not even believe it!

Your 'films', and I use that term really loosely by even calling that crap a film, did nothing but hurt my eyes and give me a headache! I was with 3 other people, my lover and two gay men, who felt exactly like I did - that those 'films' had no redeeming value! In fact, as my lover and I were leaving, early I might add, because we were so bored and our eyes hurt, we talked with a gay man who was

also leaving, for many ~~of~~ of the
same reason! He mentioned that
he use to teach film making on
the college level and he would have
failed anyone who turned in 'films'
of that quality! Did you happen
to notice all the folks who did
leave before the ENO?

Say what you want about your
techniques - you obviously think they
are terrific while most of us think
it is S.N.I.T! It is too bad the
James White Review used you for
their fund-raiser because I think
it has cost them future donations
from many of us who felt ripped
off by Homosexual Desire in Minnesota!
Why it made me so angry is because
I invested time and money in
nothing but CRAP! Give it ~~up~~

Sincerely, COLLETTA THIERIAULT
